To the Hon. Col. Bosbyshell
Supt. of the U.S. H.M. of Phila., Pa.

Respected sir.

I came honestly by the 3-coins coined by the Mint for Inspection of 1879 – viz the 2 dollars & the 4 dollar gold piece one Stella 4.00 cents 4 dollars. & a man wanted them as I mailed a final profit in same very foolishly I sold them. I now have before me a letter from Mr. Cobb, your chief clerk, in which he states that this gov't never coined a 4 dollar gold piece. Must be frighten, were dear sir a ghost while ago I that my piece to a Bank or Post of, me at Scottdale this state & he said – once a peanut peddler brought one to us, I asked what was he fools on strut, & then he the Banker wrote to Mr. Cox. There Supt of our Mint. & asked about the coin & Mr. Cox wrote was coined by our government & sent him a book describing the coin, & I wanted to get the book, but he did not care to part with it. Please – mail me one of said books giving a listing of said coin & all other of our coins. A friend of mine asked was for most in the mint writer cleave said is also a friend of yours. When you was ever 3rd state militia also. When you was with city Treasurer but Deckart. Say your an elegant man will do all you can for me in this matter. Were my man at new cables and bells very much disturbed. & as I came truthfully by the 3 Bland Bill coins. Though a congressman I want to always have my evidence with me in I hope of the printed book same a, the bank has – Kindly grant me the favor & if any bill send same & along goes your. Shown the lax awaiting your early reply, is the prayer of very true

Your most obdt. & Faithfull servant
